## AFFILIATE CONFERENCE

### One of the leading conferences in the affiliate marketing industry

Over the last 11 years, the Affiliate Conference has become one of the affiliate industry's leading discussion platforms, while at the same time maintaining its character as a high-level networking event.

With classic topics such as remuneration, tracking, management, mobile marketing and the current ePrivacy issues, we cover the most important technical and industry-relevant topics in affiliate marketing.

The next Affiliate Conference will again take place on November 13, 2023 at the Hilton Airport Munich.

The target audience includes Affiliates, employees of all networks and systems,

Advertisers, affiliate managers and those responsible for online marketing and e-commerce in companies from medium to large size throughout all industries.

With the following sponsoring offer we would like to give you the opportunity to participate and actively present yourself at the Affiliate Conference.

## Become a sponsor now!

### Your event team

Tanja Brütting
